9.3 Local Government Legislative Reform

By Tony Brown, Executive Manager, Governance and Organisational Services

Background

The Minister for Local Government, the Hon John Carey, MLA announced Local Government legislative reform initiatives on Wednesday 10 November 2021.

The reform proposals are based on the following six major themes:

1. Earlier intervention, effective regulation and stronger penalties
2. Reducing red tape, increasing consistency and simplicity
3. Greater transparency and accountability
4. Stronger local democracy and community engagement
5. Clear roles and responsibilities
6. Improved financial management and reporting.

The reform proposals are based on consultation undertaken over the last five years, and have been developed considering:

- The Local Government Review Panel Final Report (mid 2020)
- The City of Perth Inquiry Report (mid 2020)
- Department of Local Government, Sport and Cultural Industries (DLGSC) consultation on Act Reform (2017-2020)
- The Victorian Local Government Act 2020 and other State Acts
- The Parliament's Select Committee Report into Local Government (late 2020)

- Direct engagement with local governments
- Correspondence and complaints
- Miscellaneous past reports.

The information on the reform initiatives can be found [here](#) and are attached.

The State Government have advised of a 3 month consultation period ending on 4 February 2022.

Comment

Many of the initiatives outlined as a part of this package have been informed by engagement between our Members and the Minister for Local Government. The Local Government sector will welcome the tiered approach to many requirements according to the differing size and scale of Local Governments.

The Local Government sector has been advocating for the following reform initiatives including:

- introduction of a contemporary intervention framework
- greater clarity of roles and responsibilities of Elected Members and Chief Executive Officers
- tiered compliance approach to financial reporting requirements according to size and scale of Local Governments
- model financial statements and fit for purpose financial ratios
- improved processes relating to regional subsidiaries to facilitate collaborative service delivery
- reducing unnecessary red-tape and a more flexible approach to enable resource sharing
- retention of current election cycle for Elected Members, and
- simplification of strategic planning processes and community engagement models.

WALGA will prepare information to the sector analysing the proposals against current sector positions and recommending positions on proposals that currently do not have a formal position. Sector feedback will be requested with a view to providing a sector response to all of the proposals.

9.4 Item for Noting – Work Health and Safety (WHS) Legislation Update

By Susie Moir, Policy Manager, Resilient Communities

Recommendation

That the update on the Work Health and Safety (WHS) legislation be noted.

Executive Summary

- The *Work Health and Safety Act 2020* (WHS legislation) was passed by the West Australian Parliament in November 2020, and is expected to come into effect in January 2022 with the Regulations and transition period still to be finalised.
- The new WHS legislation introduces a number of new legal terms and concepts, including the term Person Conducting a Business or Undertaking (PCBU). Further, volunteers are now included in the definition of Workers.
- The Local Government sector has expressed concern with the new WHS legislation, particularly around the implications for the management of volunteer bushfire brigades (BFBs).
- A Duty of Care may be shared with others, and if more than one person has a duty in relation to the same matter, they must consult, cooperate and coordinate their activities, which adds additional complexity in the case of BFBs.
- WALGA and LGIS are working to provide support and resources to the sector to assist with the transition to the new WHS legislation.

Background

The *Work Health and Safety Act 2020* was passed by the West Australian Parliament in November 2020, and is expected to come into effect in January 2022 with the Regulations and transition period still to be finalised.

The main changes in the new legislation are:

- The primary duty holder is the 'person conducting a business or undertaking' (PCBU) which is intended to capture a broader range of contemporary workplace relationships;
- A broader definition of 'worker' which specifically includes volunteers, including BFB volunteers;

- Broader and overlapping duties of care attach to those who have the capacity to exercise influence and control over health and safety matters and a duty to consult with other duty holders;
- A positive duty of due diligence for officers of a PCBU; and
- Increased penalties for offences under the WHS legislation and the introduction of industrial manslaughter provisions;

On 31 August WALGA and LGIS delivered a webinar on the new WHS legislation which was attended by more than 140 people from 80 Local Governments. A panel of presenters from LGIS, Department of Fire and Emergency Services (DFES), McLeods Barristers and Solicitors, and the City of Mandurah shared their knowledge and experience in relation to the new legislation, WHS obligations, and BFB volunteer training and management. The webinar is available on the WALGA [website](#) and a FAQ document is being developed jointly by LGIS and DFES. LGIS has also prepared a Volunteer Handbook and CEO Briefing Note on the WHS legislation available on their website.

Comment

WALGA and LGIS are continuing to liaise with DFES and DMIRS on these issues, recognising the need for further information and clarification regarding the implications and requirements of the WHS legislation for the sector's management of bushfire brigade volunteers. Other activities that WALGA is undertaking include:

- Meetings with the Workplace Commissioner Darren Kavanagh and other groups responsible for Volunteer organisations and DFES to discuss the concerns being raised by volunteers and relevant organisations.
 - This was a positive meeting with all wanting to put in place reasonable and practical measures to assist Local Governments and Volunteers. The Workplace Commissioners' department DMIRS has released [a Guide to Work health and safety for volunteer organisations](#) which WALGA provided feedback on.
 - On 12 November DMIRS delivered a webinar for volunteers and volunteer organisations;
- LGIS is obtaining legal advice about which Local Government officers are considered 'officers' for the purposes of the WHS legislation which will be provided to the sector;
- WALGA is developing a scope of works for a WHS consultant to develop additional tools and resources to support the sector; and
- WALGA will advocate to the Minister for the commencement of the WHS legislation for Local Governments to be delayed until June 2022 to allow additional time to ensure that safe work practices are implemented for volunteers.

To inform its advocacy on this and sector emergency management issues more generally, WALGA is also undertaking an Emergency Management Survey of Local Governments to ascertain the sentiment of the sector to their emergency management obligations, and to understand how they are undertaking their management of BFBs. The survey includes questions about the types of additional support that Local Governments require in order to comply with the WHS legislation. Preliminary survey feedback indicates:

- Local Governments need more information on Work Health and Safety and Guidelines and templates to support compliance with the legislation;
- Further work is needed to ensure that Local Governments are well prepared to meet WHS requirements in relation to:
 - Providing up to date Standard Operating Procedures and directives for incident response;
 - Training for use of vehicles and equipment use;
 - Ensuring Bush Fire brigade stations do not present a risk to health and safety; and
 - Providing for volunteer fatigue management and access to welfare services; and
- Local Governments generally feel well prepared in relation to WHS regarding provision of personal protective equipment for volunteers.
