

# RoadWise Recognised Advisory Committee

## Nomination information

RoadWise Recognised is an initiative designed to encourage, guide and motivate [RoadWise Councils](#) towards better practice in managing road safety performance on the local road network.

RoadWise Councils are awarded Points and Ribbons for each road safety activity or intervention undertaken as per the [RoadWise Framework](#). Points are allocated based on the expected impact of the activity according to available road safety research and evidence. As such an increase in Points over time indicates progress towards better road safety practices. Ribbons are achieved in reflection of the spread of activity across the organisation.

The RoadWise Recognised Advisory Committee meets once a quarter to:

- Review submissions, completed by Western Australian Local Government Association (WALGA) road safety staff on behalf of RoadWise Councils and determine the allocation of Points and Ribbons.
- Oversee the allocation of Ribbons and Points in a manner that follows a consistent and fair process.
- Oversee the dispute resolution process for any complaints about RoadWise Recognised.
- Monitor and share emerging evidence, research, and experience regarding the efficacy of road safety interventions and actions.
- Monitor and make recommendations on the utility and methodology of the matrix for the allocation of Points, as required.
- Monitor the effectiveness of RoadWise Recognised in motivating and supporting Local Governments in delivering best practice road safety.

Additional meetings may be convened as required, meetings run for two hours or less with attendance in person or via Teams.
