

Gascoyne Country Zone Minutes

20 February 2026

**Hosted by the Shire of Carnarvon
3 Francis Treet, Carnarvon**

TABLE OF CONTENTS

1	OPENING, ATTENDANCE AND APOLOGIES	4
1.1	Opening	4
1.2	Attendance	4
1.3	Apologies	5
2	ACKNOWLEDGEMENT OF COUNTRY	5
3	DECLARATIONS OF INTEREST	5
4	DEPUTATIONS	5
5	AGENCY REPORTS	5
5.1	Gascoyne Development Commission	5
5.2	Department of Local Government, Industry Regulation and Safety	5
5.3	Regional Development Australia	5
6	CONFIRMATION OF MINUTES	6
7	BUSINESS ARISING	6
7.1	Status Report.....	6
8	ZONE BUSINESS	6
8.1	Request to Present.....	6
8.2	2026 Local Government Honours Awards.....	7
8.3	Water Management Discussion Paper update.....	8
8.4	Consultation on Draft Climate Change Advocacy Position.....	10
8.5	Disaster Ready Fund: Round 4 Anticipated to Open in March 2026.....	11
8.6	Draft Renewable Energy Planning Code.....	12
9	WALGA STATE COUNCIL AGENDA	15
9.1	Aviation Advocacy Positions	15
9.2	Other State Council Agenda items.....	19
10	EXECUTIVE REPORTS	19
10.1	WALGA President's Report	19
10.2	State Councillor's Report to the Zone.....	19
11	OTHER BUSINESS	20
12	NEXT MEETING	20
12.1	Remaining Zone Meeting Dates - 2026.....	20
12.2	Next Meeting	20
13	CLOSURE	20

PRIORITISATION FRAMEWORK

How to use the Framework:

- If the majority of the factors are towards the left column, the issue is a high priority.
- If the majority of the factors are towards the middle, the issue requires action, but is not a high priority.
- If the majority of the factors are towards the right column, the issue is a low priority.

Impact on Local Government Sector Impact on Local Government sector without intervention	High	Medium	Low
Reach Number of member Local Governments affected	Sector-wide	Significant (multiple regions, Zones, or bands)	Few
Influence Capacity to influence decision makers	High	Medium	Low
Principles Alignment to core principles such as autonomy, funding, general competence	Strong	Partial	Peripheral
Clarity Policy change needed is clear and well-defined	Clear	Partial	Unclear
Decision-maker support Level of support among decision-makers (political and administrative)	High	Medium	Low
Public support Level of support among the public or other stakeholders	High	Medium	Low
Positive consequences for WALGA Prospect of positive consequences for WALGA. E.g. enhanced standing among members or leverage for other issues.	High	Medium	Low
Negative consequences for WALGA Prospect of negative consequences for WALGA for not undertaking the advocacy effort. E.g. diminished standing among members or other stakeholders.	High	Medium	Low
Partnerships Potential for partnerships with other stakeholders	Yes (3+)	Possibly (1-2)	No (0)

ANNOUNCEMENTS

Zone Delegates were requested to provide sufficient written notice, wherever possible, on amendments to recommendations within the State Council or Zone agenda to the Zone Chair and Secretariat prior to the Zone meeting.

Agenda Papers were emailed 7 days prior to the meeting date.

Confirmation of Attendance An attendance sheet was circulated prior to the commencement of the meeting.

ATTACHMENTS

1. Department of Local Government, Industry Regulation and Safety Update Report
2. Draft Minutes of previous meeting
3. Zone Status Report
4. President's Report

1 OPENING, ATTENDANCE AND APOLOGIES

1.1 OPENING

Zone Chair, Cr Paul Kelly opened the meeting at 10:05am.

1.2 ATTENDANCE

MEMBERS

1 Voting Delegates from each Member Local Government

Shire of Carnarvon

Cr Paul Kelly (**Chair**) – via Teams
Ms Amanda Dexter, Chief Executive Officer - non-voting

Shire of Exmouth

President Cr Matthew Niikkula
Mr Ben Lewis, Chief Executive Officer - non-voting

Shire of Upper Gascoyne

President Cr Jimmy Caunt
Mr John McCleary, Chief Executive Officer - non-voting
Jarrod Walker

Shire of Shark Bay

President Cr Pietr Stubberfield
Ms Michelle Fanali, Executive Manager Community – non-voting

WALGA Secretariat

Mr Mark Bondiotti, Policy Manager Transport and Roads

GUESTS

Gascoyne Development
Commission

Mr Tim Bray, Chief Executive Officer

Regional Development
Australia – Mid West Gascoyne
Lyssna Consulting

Mr Mark Holdsworth, Executive Officer
Mr Hugh Bertram, Manager Regional Development
Ms Karin Grima, Director

1.3 APOLOGIES

Shire of Shark Bay	Mr Dale Chapman, Chief Executive Officer - non-voting
Minister for Gascoyne	Hon Minister Hannah Beazley BA MLA
Main Roads WA	Ms Andrea Pitcher, A/Asset Management Officer Mr Gaff Murray, Operations Manager – Carnarvon

2 ACKNOWLEDGEMENT OF COUNTRY

We, the delegates of the Gascoyne Country Zone acknowledge the traditional owners of this land that we are meeting on today and pay our respects to Elders past, present and future.

3 DECLARATIONS OF INTEREST

Nil.

4 DEPUTATIONS

Nil.

5 AGENCY REPORTS

5.1 GASCOYNE DEVELOPMENT COMMISSION

Chief Executive Officer, Tim Bray, provided an update to the Zone.

Noted

5.2 DEPARTMENT OF LOCAL GOVERNMENT, INDUSTRY REGULATION AND SAFETY UPDATE REPORT

The February report from the Department of Local Government, Industry Regulation and Safety (DLGIRS) was enclosed as an attachment within the Agenda.

Noted

5.3 REGIONAL DEVELOPMENT AUSTRALIA

Executive Officer, RDA Mid-West Gascoyne, Mark Holdsworth, provided an update on Regional Roads.

Noted

6 CONFIRMATION OF MINUTES

The previous meeting Minutes of the Gascoyne Country Zone were circulated to Zone Delegates and are provided as an attachment to the Agenda.

RESOLUTION

Moved: President Cr Jimmy Caunt
Seconded: President Cr Pietr Stubberfield

That the Minutes of the meeting of the Gascoyne Country Zone held on 21 November 2025 be confirmed as a true and accurate record of the proceedings.

CARRIED

7 BUSINESS ARISING

7.1 STATUS REPORT

A Status Report outlining any recent updates and/or actions taken on the Zone's previous meetings resolutions for both State Council and Zone items was enclosed as an attachment within the agenda. These item updates will remain on the Status Report until completed or no further action is required by WALGA.

Noted

8 ZONE BUSINESS

8.1 REQUEST TO PRESENT

By Chantelle O'Brien, Zones Governance Officer

HC Construction Services Pty Ltd

WALGA was approached by HC Construction Services Pty Ltd requesting an opportunity to attend various Country Zone meetings to provide a deputation on how to navigate through the Disaster Recovery Funding Arrangement (DRFA).

HC Construction Services is a WA based company specialising in project management, consultancy and construction delivery. HC is a WALGA Preferred Supplier and has worked with several Local Governments to manage disaster relief funding claims. This includes by way of road condition video using their internally developed RF Vid Assist system.

The proposed presentation would include some tips, dos and don'ts, advice on pre disaster evidence requirements, and lessons learnt on three or four case studies where applicants have encountered problems. The presentation would also include information on how Local Governments can prepare a funding application, so they receive the maximum funding available in the event of a natural disaster.

Telstra

Boyd Brown, Telstra Regional General Manager WA, is seeking members support to attend the April 2026 Gascoyne Country Zone meeting to provide updates on the following topics:

- Mobile Network upgrades
- Co-investment programs
- Satellite to mobile
- Network resilience
- Any other topic of interest

Kolbang Yanginy – Local Government Reconciliation Resource.

WALGA and Reconciliation WA are offering presentations to Zones on the new [Kolbang Yanginy website](#), a collaborative project between Reconciliation WA, WALGA, and State Agencies with support from Lotterywest.

The online platform is designed to support Local Governments across Western Australia to build strong relationships with Aboriginal and Torres Strait Islander Peoples. Focusing on key themes like reconciliation, partnerships and placemaking, Kolbang Yanginy provides advice, resources, case studies and an interactive map to build capability across Local Governments.

The website also provides information about legislative, regulatory and policy requirements with respect to Aboriginal heritage and native title, with links to further information from State Agencies.

RESOLUTION

Moved: President Cr Matthew Niikkula
Seconded: President Cr Pietr Stubberfield

That the Gascoyne Country Zone:

1. **does not support a deputation from HC Construction Services Pty Ltd at a future meeting in 2026.**
2. **supports a deputation from Boyd Brown, Regional Manager Telstra at the 24 April 2026 Zone meeting.**
3. **does not support a deputation from Reconciliation WA/WALGA at a future meeting in 2026.**

CARRIED

8.2 2026 LOCAL GOVERNMENT HONOURS AWARDS

By Kathy Robertson, WALGA Manager Association and Corporate Governance

The Honours Program recognises and celebrates the outstanding achievements and lasting contributions made by Elected Members and officers to their respective Local Government, the Local Government sector, WALGA and the wider community.

There are five awards in the 2026 Program:

1. Local Government Medal
2. Life Membership
3. Eminent Service Award
4. Merit Award
5. Young Achievers Award

All Local Government Elected Members and officers are eligible for nomination for each award.

Nominations are open now and will close at **5:00pm on Thursday, 2 April 2026**.

Further information about the 2026 Honours Program, including the nomination form and guidelines for preparing nominations, are available on the [WALGA website](#).

All awards will be presented later this year at the WALGA Local Government Awards event. More details about the event will be announced shortly.

For more information contact Habiba Farrag, State Council Governance Officer, on 9213 2050 or via email honours@walga.asn.au.

Noted

8.3 WATER MANAGEMENT DISCUSSION PAPER UPDATE

By Rebecca Brown, WALGA Policy Manager Environment and Waste

EXECUTIVE SUMMARY

- WALGA has developed a Water Management in Western Australia Discussion Paper exploring issues for Local Governments in managing water resources.
- To inform the Discussion Paper, WALGA undertook research and direct engagement with the sector and reviewed existing Water Advocacy Positions and feedback from WALGA Zones.
- Based on this consultation, the Discussion Paper identifies water security and water efficiency as key themes.
- Feedback on the Discussion Paper will inform the development of a new water management advocacy position.
- Zones and Local Governments are encouraged to provide comments to WALGA by 12 March 2026.

POLICY IMPLICATIONS

This item relates to [WALGA Advocacy Positions](#) 3.1.1 Service Delivery to Aboriginal Communities, 4.3 Clearing Permits and Water Licenses and Permits, 6.10 Public Open Space (POS) and 6.14 Planning for Water.

ATTACHMENT

- [Water Management in Western Australia Discussion Paper](#)

BACKGROUND

Local Governments contribute to the management of water through strategic planning, land management, development approvals, community behaviour change and, in some cases, direct water service provision. Local Governments' role in water service provision includes drainage, water use and re-use and aspects of wastewater and sewerage services. The challenges for future water management are escalating across Western Australia due to population growth, climate change and increased competition for limited water resources.

To inform the Discussion Paper WALGA reviewed its existing Water Advocacy Positions and motions, feedback from WALGA Zones and undertook research and direct consultation with the sector. Consultation included workshops with both metropolitan and non-metropolitan

Local Governments, an online session with 40 officers focused on water security and efficiency and a regionally focused session with 30 Local Government representatives exploring the barriers to being waterwise in a regional setting. In addition, WALGA conducted 14 one-on-one interviews with officers from 22 metropolitan, regional and remote Local Governments to better understand key issues. Further insights were gained through meetings with officers from the Department of Water and Environmental Regulation and the Water Corporation, as well as internal discussions with WALGA.

COMMENT

From consultation and research WALGA has undertaken with Local Government, two key themes consistently emerged - water security and water efficiency.

Water security relates to the reliable availability, adequate quantity and acceptable quality of water needed to support human health, economic development and environmental amenity. Issues identified include:

- **Infrastructure:** Funding to repair and upgrade aging Local Government water infrastructure including irrigation, drainage and stormwater systems and to improve reliability of State-managed assets.
- **Alternative Sources:** Diversifying water supply through non-traditional sources such as recycled water, stormwater harvesting, or desalination to support community assets.
- **Licensing:** Reforming the current water licensing system, including equity, access and regulatory enforcement.
- **Access:** Addressing barriers to equitable water access, particularly for regional and remote communities.
- **Use:** Planning for water allocation and consumption across sectors.

Water efficiency is focused on reducing unnecessary water loss through better practices, technologies and infrastructure. Issues identified include:

- **Technology:** Adopting waterwise technologies to enhance water efficiency.
- **Water Literacy and behaviour change:** Increasing water literacy within Local Government and the community to support change management and adaptation within communities.
- **Water Sensitive Urban Design:** Improving understanding to encourage the adoption of efficient technologies and design standards to reduce water consumption across public and private infrastructure.

Local Governments across Western Australia are addressing water security and efficiency through various actions across strategic infrastructure planning, innovative water management practices and community awareness. A new Water Management Advocacy Position will ensure WALGA can effectively advocate on behalf of the sector in relation to this issue. The Discussion Paper includes options to address these issues and questions for the sector relating to each of the key areas.

Feedback on the Discussion Paper will inform the development of a new water management advocacy position. All Zones and Local Governments are encouraged to provide comments to WALGA by 12 March 2026.

Noted

8.4 CONSULTATION ON DRAFT CLIMATE CHANGE ADVOCACY POSITION

By Rebecca Brown, WALGA Policy Manager Environment and Waste

EXECUTIVE SUMMARY

- WALGA is undertaking consultation on a revised Climate Change Advocacy Position.
- This Draft was developed following initial consultation, consideration by State Council in March 2025 and feedback from the Environment Policy Team of State Council.
- Since WALGA's current Advocacy Position and Policy Statement were endorsed in 2018, there have been significant legislative, policy, technological and scientific changes.
- An updated climate change advocacy position, which complements other WALGA advocacy positions, will provide a sound basis for WALGA's advocacy.
- WALGA is seeking Council endorsed feedback by 1 May 2026.

POLICY IMPLICATIONS

This item is intended to replace WALGA's 2018 Climate Change [Advocacy Position](#) and [Policy Statement](#).

ATTACHMENT

The Consultation Paper is available [online](#).

BACKGROUND

Climate change, and related legislation, policy and action, have implications for many aspects of Local Governments' operations and services. More frequent and severe droughts, heatwaves, bushfires, extreme rainfall events and warming, rising sea levels are increasing the costs and complexity of delivering critical services, infrastructure and ensuring community wellbeing.

In 2018, State Council endorsed a [Climate Change Policy Statement](#) and advocacy position, following extensive sector consultation. Since this Advocacy Position was adopted there have been significant legislative, policy, technological and scientific changes, including:

- The national *Climate Change Act 2022* and the Western Australian Climate Change Bill 2023.
- The *Local Government Amendment Act 2023*, which expanded Western Australian Local Governments' general function to include planning for, and mitigating, the risks associated with climate change.
- The release of the Australian Government's [National Climate Risk Assessment](#) and [National Adaptation Plan](#) in 2025.
- Escalation of the transition to renewable energy, uptake of electric vehicles and energy efficiency standards under the National Construction Code.
- Climate science and projections ([international](#), [national](#) and [WA specific](#)) have also become clearer regarding the risks posed by climate change and the need for action to address the consequential impacts.

COMMENT

It is important that the WALGA climate change advocacy position is updated to reflect these changes and the consequent needs and priorities of Local Governments. An updated climate change advocacy position, which complements other WALGA advocacy positions, will provide a sound basis for WALGA's advocacy.

Following initial consultation, consideration by State Council in March 2025 and feedback from the Environment Policy Team, WALGA has developed a revised, draft Climate Change Advocacy Position for Local Government feedback.

WALGA Environment and Waste Team members will be attending Zone meetings in April 2026 to support zone discussions on the draft Advocacy Position.

WALGA is seeking Council endorsed feedback on the draft Climate Change Advocacy Position by **COB Friday, 1 May 2026**. Feedback can be provided to environment@walga.asn.au.

Following consideration of this feedback a final draft advocacy position will be developed and provided to Zones and State Council for consideration, expected to be in July 2026.

Noted

8.5 DISASTER READY FUND: ROUND 4 ANTICIPATED TO OPEN IN MARCH 2026

By Rachel Armstrong, WALGA Policy Manager Emergency Management

The Disaster Ready Fund (DRF) is the Australian Government's key funding program to support projects that reduce disaster risk and strengthen community resilience.

Round Four of the DRF is expected to open in March 2026 with approximately \$200 million available nationally. A strong focus on *construction-ready*, infrastructure-based mitigation projects with clear risk reduction benefits is expected. This is similar to Round 3 which prioritised infrastructure-based projects such as flood levees, cyclone shelters, warning systems. A list of Round 3 projects funded is available at [Disaster Ready Fund | NEMA](#)).

WALGA is providing early notice to Zones and member Local Governments to consideration of both individual and collaborative project opportunities, and pre-planning ahead of the formal announcement.

The DRF is administered by DFES, in Western Australia. Further information is available at [Disaster Resilience Grants - Department of Fire and Emergency Services](#) and by emailing DisasterResilienceGrants@dfes.wa.gov.au.

DRF Round 4 is likely to be released in March 2026, and encourage Local Governments to consider shared or individual disaster risk reduction projects

WALGA will advise the Sector when the DRF is formally announced.

Noted

8.6 DRAFT RENEWABLE ENERGY PLANNING CODE

By Kieran McGovern, WALGA Senior Policy Advisor, Planning

EXECUTIVE SUMMARY

- WALGA Advocacy Position 6.17 Renewable Energy Facilities calls for changes to the renewable energy State planning framework to ensure it is fit for purpose to guide the ongoing development of the sector.
- The State Government has released a draft Renewable Energy Planning Code and Guidelines with the aim of establishing a consistent assessment framework, clear development standards, and improved certainty around impacts such as noise, landscape, environmental considerations, and safety.
- The Code initially focuses on wind farms but is designed to expand to other renewable technologies, requiring detailed technical reporting and encouraging (but not regulating) community benefit-sharing agreements.
- Proposed regulatory amendments would align local planning schemes with the Code and classify renewable energy projects valued at \$20 million or more as mandatory significant development, shifting decision-making authority to the WAPC.
- WALGA strongly encourages consideration of the draft Code by Zones. Local Governments should make their own submissions on the draft Code by 10 April 2026 and provide feedback to WALGA to inform our submission on behalf of the sector by 27 February 2026. Council endorsed submissions are preferred.

ATTACHMENTS

- [Draft Renewable Energy Planning Code and Guidelines](#)
- [Information Sheet - Proposed Amendments to Local Planning Scheme Regulations](#)
- [Information Sheet - Proposed Amendments to Significant Development Regulations](#)
- [WALGA summary of the draft Renewable Energy Planning Code](#)

POLICY IMPLICATIONS

WALGA's proposed advocacy approach is consistent with WALGA [Advocacy Positions](#):

- 6.1 Planning Principles and Reform
- 6.4 State Development Applications and Decision Making
- 6.16 Energy Transition Engagement and Community Benefit Framework
- 6.17 Renewable Energy Facilities
- 6.18 Priority Agriculture.

BACKGROUND

The growth in the number, size, and complexity of renewable energy facilities across Western Australia is expected to continue as energy generation and other traditional industries de-carbonise their facilities and operations. As a result, the placement and management of renewable energy facilities have become contentious issues in local communities across Western Australia.

In September 2024, WALGA's State Council endorsed three advocacy positions to address concerns related to renewable energy. Advocacy Position 6.17 Renewable Energy Facilities noted that the existing Western Australian Planning Commission's (WAPC) Position Statement: Renewable energy facilities was inadequate to address these concerns, leading to inconsistent application and approvals of renewable energy facilities across the State.

The advocacy position calls for the existing Position Statement: Renewable Energy Facilities to be elevated to a State planning policy, to provide the highest level of planning policy

control and ensure the state planning framework is fit for purpose to guide the ongoing development of the sector.

On 12 December 2025, the State Government released a draft Renewable Energy Planning Code (the Code) and associated Guidelines for public consultation. The Code has been prepared to provide guidance to industry, Local Government and communities by:

- introducing a consistent development assessment framework for renewable energy infrastructure across Western Australia.
- establishing clear development standards and application requirements.
- addresses potential land use and environmental impacts, such as noise and landscape considerations.

The initial focus of the Code is on wind farms, with flexibility to expand to other renewable energy developments, including solar farms and battery energy storage systems.

The draft Code covers key planning issues such as safety, noise, shadow flicker, landscape and visual impact, natural environment, natural hazards, aviation safety, electromagnetic interference, transport, construction, and decommissioning.

Under the proposed Code, development applications must include detailed technical reports, whilst community benefit-sharing agreements are encouraged, these agreements sit outside of the planning system.

To enable implementation of the Code, regulatory amendments are proposed to the *Planning and Development (Local Planning Schemes) Regulations 2015* to support incorporation of the Code into local planning schemes through Model Provisions, introduce standard land-use definitions that will apply to all local planning schemes and guide assessment of new noise-sensitive development near existing or approved wind farms.

There are also proposed reforms to the *Planning and Development (Significant Development) Regulations 2024*, which will classify renewable energy development applications valued at \$20 million or more as mandatory significant development. These projects will be assessed and determined by the WAPC under the State Significant Development Pathway (under Part 11B of the *Planning and Development Act 2005*), and Local Governments role will be to provide commentary to the development application, but final decision-making authority will rest with the WAPC.

Consultation on the draft Code and Guidelines closes 10 April 2026.

COMMENT

WALGA's has advocated for changes to the renewable energy State planning framework to ensure orderly and proper planning of renewable energy facilities and therefore welcomes the release of the draft Renewable Energy Planning Code and Guidelines by the State Government for public comment. This draft Code represents a significant step toward establishing a consistent planning framework to guide the ongoing development of renewable energy facilities across WA - providing important clarity and guidance to WA Local Governments.

The proposed amendments to classify renewable energy projects over \$20 million as 'mandatory significant development' that must be determined by WAPC does not align with WALGA's Advocacy Position 6.4 State Development Applications and Decision Making, as it has the potential to erode Local Government decision making powers and community

input. WALGA's position is that Part 11B should be abolished, or, if it is retained, the cost threshold should be raised to \$50 million.

WALGA considers it is essential that the requirement for community benefits be mandated. There are several options that should be examined as potential mechanisms to mandate community benefit-sharing agreements, including (but not limited to) amendments to existing planning or energy legislation or new, standalone legislation.

There is also a lack of guidance regarding appropriate land uses in particular zones, specifically protecting rural land for agricultural purposes, instead stating that wind farms are generally compatible with agricultural land uses. WALGA's position is that regulatory amendments are required to create a model zone through the *Planning and Development (Local Planning Schemes) Regulations 2015* for land identified as high quality agricultural land (noting most of this land is located in the South West region) known as the 'Priority Agriculture'.

WALGA held two online information sessions on the Code alongside the Department of Planning, Lands and Heritage on 5 and 9 February 2026 for Local Government officers and Elected Members respectively.

WALGA will prepare a submission to the State on behalf of the sector to ensure the draft Code delivers positive outcomes for Member Local Governments, communities and industry.

WALGA strongly encourages consideration of the draft Code by Zones. Local Governments should make their own submissions on the draft Code by 10 April 2026 and provide feedback to WALGA to inform our submission on behalf of the sector by 27 February 2026. Council endorsed submissions are preferred.

WALGA's submission will be provided to State Council by flying agenda to meet the submission deadline.

Noted

9 WALGA STATE COUNCIL AGENDA

Zone Delegates are invited to read and consider the WALGA State Council Agenda which can be found via the link [here](#).

The Zone can provide comment or submit an alternative recommendation on any of the items, including the items for noting. The Zone comment will then be presented to the State Council for consideration at their meeting.

The State Council Agenda items requiring a decision of State Council are extracted for Zone consideration below.

9.1 AVIATION ADVOCACY POSITIONS

By Negar Nili, Policy Officer Transport and Roads

EXECUTIVE SUMMARY

- Two new Advocacy Positions are proposed to strengthen WALGA's aviation advocacy framework and to inform WALGA's response to future inquiries and/or consultation relating to aviation.
- The aim of the new positions is to provide clearer and more contemporary guidance on:
 - the sustainability and ongoing viability of Local Government-owned regional airports; and
 - the affordability, reliability and accessibility of regional and remote air services for Western Australian communities.
- The proposed positions will assist WALGA to advocate more effectively on behalf of its Members by:
 - clearly articulating the essential service role of aviation in regional, rural and remote Western Australia;
 - strengthening WALGA's capacity to engage with State and Commonwealth governments on aviation policy and funding; and
 - supporting Local Governments facing regulatory, financial and service-delivery challenges associated with regional aviation.
- The development of the proposed Advocacy Positions has been informed by engagement with a sample of Local Governments, which highlighted shared concerns regarding high regional airfares, service reliability, capacity constraints and the role of aviation in supporting health access, emergency response and regional economic development.
- WALGA currently has two existing aviation Advocacy Positions; however, feedback from Local Governments clarified that the inclusion of additional, targeted policy positions is essential to better reflect contemporary challenges and to strengthen support for Councils.
- The proposed positions build on existing WALGA policy and provide a stronger basis for:
 - sector advocacy;
 - engagement with State Council and Zones to seek feedback; and
 - informing WALGA's potential submission to the Productivity Commission Inquiry into Regional Airfares.

POLICY IMPLICATIONS

The current [WALGA Advocacy Positions](#) relating to Aviation are positions 5.9 Aviation and 5.9.1 Airfare Pricing in Regional Western Australia. The proposed new positions would be in addition to these existing positions.

5.9 Aviation

Position Statement *The Local Government sector supports the Department of Transport's State Aviation Strategy 2020, with more focus required on non-RPT airports to ensure it is representative of all of WA, more focus on general aviation development across WA and noting that the preferred ownership and governance of Local Governments is Council Controlled Organisations. The Local Government sector advocates for a clear position on the economic benefit of airports in regional areas to be included in the future state wide Airports State Planning Policy.*

5.9.1. Airfare Pricing in Regional Western Australia

Position Statement *The Local Government sector supports:*

- 1. An evidence-based assessment commissioned by the State Government to determine the degree to which market structure and other factors influence the cost of providing air services on each route, the pricing structure offered and the actual prices paid.*
- 2. The State Government providing oversight of airfares ensuring transparency, encouraging partnerships between Local Governments and airline carriers to grow the market and the provision of subsidies in some situations.*

BACKGROUND

Aviation plays a critical role in Western Australia, particularly for regional, rural, and remote communities, by providing essential connectivity for access to healthcare, education, employment, and social engagement. Reliable and affordable air services are also vital to regional economic development, workforce mobility, and community resilience, especially where alternative transport options are limited.

WALGA's advocacy on aviation is underpinned by its existing policy framework, which emphasises the need for safe, reliable, and cost-effective air services across regional and remote Western Australia. These policies highlight the critical role of aviation in enabling regional connectivity, supporting service delivery, and contributing to economic development, while recognising the operational and regulatory responsibilities faced by Local Government-managed airports.

WALGA has also contributed to State-level policy development including the State Aviation Strategy 2020. This strategy supports key initiatives including regulating certain routes to support a sustainable service, the Regional Airfare Zone Cap, Regional Airports Development Scheme and regulation of closed charters in some situations. It is anticipated that the Department of Transport and Major Infrastructure will review and refresh the State Aviation Strategy in 2026-27.

At the national level, WALGA engaged in consultation processes leading to the Green and White Papers on Regional Transport and Aviation, representing Local Government perspectives and regional needs.

Two recently initiated inquiries — the Productivity Commission Inquiry into the determinants of regional airfares and the Senate (Rural and Regional Affairs and Transport References Committee) Inquiry into the State of Australia's Aviation Sector and its ability to deliver reliable and affordable services to rural, regional and remote communities — provide important opportunities to review and improve policies supporting regional aviation. Both inquiries have overlapping focus areas, including affordability, government intervention, and impacts on regional communities.

To inform its responses to both inquiries, WALGA has engaged with a sample of Local Governments to understand their experiences, challenges, and priorities for regional air services. This engagement has clarified the needs of Local Governments and communities, forming the basis for developing two proposed new Advocacy Positions to support Members and advocate for improved connectivity, affordability, and service sustainability across regional Western Australia.

NEW ADVOCACY POSITIONS

Regional Airports

Position Statement *WALGA supports the sustainable operation of Local Government owned regional airports and advocates for proportionate regulatory frameworks, targeted funding, and operational guidance to ensure safe, efficient, and resilient airport infrastructure and services.*

Background Regional airports are vital for connectivity, economic development, tourism, health access, and emergency response in Western Australia. Local Governments operating regional airports face increasing regulatory and operational pressures, including aviation security requirements, compliance obligations, ageing infrastructure, and limited staffing capacity. Many Council-owned airports cover day-to-day operating costs but lack sufficient capital to fund major infrastructure renewal or security upgrades. Airports that support both community access and FIFO activity can face additional funding constraints despite their ongoing role in servicing regional communities. These challenges highlight the need for regulatory settings and funding arrangements that reflect airport scale, risk profile, and regional operating conditions.

Regional and Remote Air Services

Position Statement *WALGA advocates for reliable, affordable, and equitable regional air services, calling for greater oversight of airline pricing practices, including transparent fare structures and equitable access to discounted and lower-cost fares, to mitigate the impacts of limited competition and dynamic pricing on regional residents, businesses, and essential travel. WALGA also promotes the continued viability of essential routes and recognises regional aviation as an essential service supporting community access, workforce mobility, and regional economic development.*

Background

Regional communities rely on air services for essential travel, including access to health care, employment, education, and family connections, particularly where alternative transport options are limited. High airfares, limited availability of lower-cost seats, and opaque pricing structures reduce affordability for residents and businesses, even in markets with more than one airline. Regional air services are also vulnerable to sudden service reductions or route withdrawals, which can isolate communities and disrupt economic and social activity. These challenges underscore the importance of policy settings that support affordability, service continuity, and equitable access.

COMMENT

Engagement with a sample of Local Governments operating airports with Regular Passenger Transport (RPT) services highlighted operational, financial, and service delivery issues affecting both Council-owned airports and regional air services.

Key matters raised by Councils include:

- Airline pricing and equitable access: Complex, opaque, and highly variable fare structures; limited availability of lower-cost seats; competition does not always deliver affordable or equitable outcomes.
- Aviation security requirements: Standards designed for larger airports impose significant operational and financial burdens, with outdated equipment, regulatory ambiguities, and high upgrade costs creating compliance challenges.
- Funding and resource constraints: Many Councils operate airports with limited staff and capital; while day-to-day operating costs may be covered, major infrastructure renewal or expansion and security upgrades are often unfunded.
- Service continuity and reliability: Regional air services are fragile, with sudden route reductions or withdrawals impacting essential travel, community connectivity, and local economies.
- Coordination across governments and industry: Fragmented policy, regulatory, and funding arrangements limit Local Governments' ability to respond quickly to changes, highlighting the need for improved collaboration.
- Regional aviation as an essential service: Airports and air services underpin health access, emergency response, tourism, economic development, and social cohesion, demonstrating their broader value beyond transport alone.

Based on these issues and priorities identified through Local Government engagement, WALGA has developed the two proposed Advocacy Positions above on aviation – one focusing on regional airports and the other on regional and remote air services – to address the challenges of affordability, accessibility, operational sustainability, and service continuity for regional communities.

WALGA RECOMMENDATION

That State Council endorse two new Advocacy Positions on Aviation as follows:

1. Regional Airports
WALGA supports the sustainable operation of Local Government owned regional airports and advocates for proportionate regulatory frameworks, targeted funding,

and operational guidance to ensure safe, efficient, and resilient airport infrastructure and services.

2. Regional and Remote Air Services

WALGA advocates for reliable, affordable, and equitable regional air services, calling for greater oversight of airline pricing practices, including transparent fare structures and equitable access to discounted and lower-cost fares, to mitigate the impacts of limited competition and dynamic pricing on regional residents, businesses, and essential travel. WALGA also promotes the continued viability of essential routes and recognises regional aviation as an essential service supporting community access, workforce mobility, and regional economic development.

RESOLUTION

Moved: President Cr Matthew Niikkula

Seconded: President Cr Jimmy Caunt

That the Gascoyne Country Zone supports the WALGA recommendation for State Council Agenda item 9.1 as contained in the State Council Agenda and as provided above with the addition of point 3:

- 3. Regional airfares be capped with an affordable pricing structure that is equitable across all Regions.**

CARRIED
