8.1 SUSPENSION AND DISQUALIFICATION FOR OFFENCES ADVOCACY POSITION (STATE COUNCIL AGENDA ITEM 8.1)

By Jason Russell, Senior Governance Specialist

EXECUTIVE SUMMARY

- The South East Metropolitan Zone (SEMZ) passed a motion requesting that WALGA advocate for additional powers for the Minister to suspend Council Members charged with criminal offences likely to damage the reputation of the Local Government, and disqualify if convicted.
- Suspension, dismissal and disqualification must balance the public interest in elected representatives of good character, with protections for the individual and respect for democratic processes.
- While the *Local Government Act 1995* (the Act) includes a range of suspension, dismissal and disqualification mechanisms, their operation also depends on how the relevant decision-makers choose to use their powers.
- This report recommends that the dismissal mechanisms under the Act are sufficient to address the Zone's concern, but that WALGA's advocacy position be amended to include an additional suspension power for the Minister of Local Government.
- The Governance Policy Team endorsed the advocacy position at its meeting on 19 May.

STRATEGIC PLAN IMPLICATIONS

Influence:

- Lead advocacy on issues important to Local Government.

Support:

- Provide practical sector-wide solutions based on research and evidence.

POLICY IMPLICATIONS

The current Advocacy Position 2.5.5 Disqualification Due to Conviction position provides as follows:

Position Statement: A new disqualification criterion should be added to the *Local Government Act 1995* that disqualifies a person from serving as an Elected Member if they have been convicted of an offence against the *Planning and Development Act*, or the *Building Act* in the preceding five years.

Background: A planning or building system conviction is potentially more serious than a *Local Government Act* conviction because of Local Government's prominent role in planning and building control and the significant personal benefits which can be illegally gained through these systems.

This report recommends that this position is renamed and amended to include an additional point 2, as follows:

Suspension and Disqualification for Offences

The WA Local Government sector advocates that:

1. *A new disqualification criterion should be added to the Local Government Act 1995 that disqualifies a person from serving as an Elected Member if they have been convicted of an offence against the Planning and Development Act, or the Building Act in the preceding five years.*
2. *A new suspension criterion should be added to the Local Government Act 1995 allowing the Minister of Local Government to suspend a Council Member charged with an offence, where the Minister is satisfied this would be in the best interests of the Local Government, based on advice of the Director General.*

BACKGROUND

At its November 2024 meeting, the SEMZ asked WALGA to advocate:

That the Local Government Act 1995 be amended to give the Minister for Local Government the power to:

1. *Disqualify a person from membership of a council if the person has been convicted of a criminal offence that, in the opinion of the Minister for Local Government, under the advice of the State Solicitor's Office, has the potential to damage the reputation of the local government or the local government sector more broadly.*
2. *Suspend the council member who is charged with a criminal offence that has the potential to damage the reputation of the local government or the local government sector more broadly, until the charges are dealt with; and*
3. *Require a person to be paid fees and allowances until they are disqualified.*

COMMENT

The *Local Government Act 1995* (the Act) automatically disqualifies someone from membership of a Council if convicted of certain types of offences. The Act also includes mechanisms for suspending and dismissing Council Members. Each mechanism differs in terms of the parties, processes, powers, and preconditions involved.

While suspended, a Council Member cannot perform any of the powers and duties of their role. Suspension does not affect the duration of a Council Member's term or their eligibility to be a candidate for election to Council. If a Council Member is dismissed, the office of the member becomes vacant from the time when the order dismissing the member takes effect. A Council Member that is dismissed is not prevented from standing in future elections. In contrast, persons disqualified are ineligible to hold or be elected to office as a Council Member.

It is necessary for these mechanisms to balance the public interest in ensuring that elected representatives are of good character, with protections for due process, the presumption of innocence and resumption of rights following completion of a sentence. There must also

be an appropriate level of respect for the democratic process and the rights of communities to choose their representatives.

Whether the suspension, dismissal and disqualification framework is fit-for-purpose depends on the legislative framework (e.g. legislative settings for disqualification, powers and constraints on powers to suspend and dismiss) and its implementation (e.g. how decision-makers exercise their discretion to intervene).

Existing Disqualification Provisions

A person may be disqualified from membership of a Council based on the following provisions of the Act:

Provision	A person is disqualified –
2.20	If they are a member of a parliament
2.21	If they are a bankrupt or their affairs are under insolvency laws
2.22	Because of conviction
2.23	If they are a member of another Council
2.24	Because of misapplication of local government funds or property
5.117	If SAT orders disqualification (for not more than 5 years) for serious or recurrent breach, or failure to comply with order

Section 2.22 of the Act provides that a person is disqualified if:

- they have been convicted of a crime and are in prison serving a sentence for that crime,
- have been convicted of a serious local government offence in the previous 5 years, or
- have been convicted of an offence carrying an indictable penalty of imprisonment for more than 5 years.

Clearly, the threshold for disqualification is high, excluding all lower-level offences and even indictable offences with a penalty of 5 years or less. As an example, high-level indecent assault will be dealt with as an indictable offense, with the offender liable for up to 5 years imprisonment. Serious local government offences are offences against the Act for which a person may be sentenced to imprisonment or a fine of over \$10,000. A court sentencing a person for a serious local government offence may make an order waiving the disqualification, or reducing the period for which it applies.

There is currently no ability for the Minister to disqualify a person from Council membership. SAT has discretion to order disqualification in some circumstances, while a court has the authority to order that disqualification not apply. In the context of these judicial or quasi-judicial processes, there are strong protections for the rights of the affected person. This reflects the seriousness of this penalty. While the SEMZ motion calls for disqualification, dismissal may be a more appropriate penalty if the exercise of Ministerial discretion is required.

Current Dismissal Provisions

Under sections 8.15K and 8.15L of the Act, the Minister may recommend that the Governor dismiss a Council Member, if the Minister is satisfied that it is appropriate to intervene. The Minister must be satisfied based on the Director General's written advice that:

- the member is impeding the Local Government's ability to perform its functions and duties under the Act, and/or
- it is in the best interest of the Local Government that the member be dismissed.

The Minister must also be satisfied that the seriousness of the situation for the Local Government requires intervention.

The Minister must give the member:

- a report that includes their proposed recommendation and grounds for the recommendation;
- a show cause notice;
- 21 days to respond.

The Minister must consider the member's response prior to making a recommendation to the Governor that the member be dismissed.

Best interest is not defined and allows for a broad range of factors to form the grounds for dismissal. This could include where a Council Member has been charged with or convicted of an offence, and the charges or conviction are adversely affecting the Local Government.

It appears that the existing framework for dismissal has the capacity to respond to circumstances referenced in the SEMZ's motion and rationale. WALGA considers it is reasonable to expect that the Local Government Inspector may have greater capacity to provide targeted and timely investigation and advice to support this mechanism.

Current Suspension Provisions

Section 8.15E of the Act enables the Minister to suspend a Council Member or order them to undertake remedial action.

The Minister can only act where they are satisfied that it is appropriate to intervene, based on one or more of the following:

- The member has been charged with a disqualification offence.
- The Director General has made an allegation to SAT against the member, of a serious or recurrent breach.
- The Director General has written to the Minister advising that they suspect on reasonable grounds that one or more of the following applies:
 - The member has failed to perform their role, functions or duties;
 - The member's conduct has adversely affected the ability of another person to perform their role, functions or duties;
 - The member's conduct has adversely affected the ability of the Local Government to comply with the principles that apply under section 5.40 of the Act (principles affecting employment by Local Government, including the responsibility to provide safe and healthy working conditions in accordance with WHS legislation).

The Minister must give:

- The member a written notice of the proposed order that provides the allegations and particulars supporting the proposed order is based on.
- The member a show cause notice, allowing 21 days for the member's response
- Any submissions made by the member consideration prior to making the order.

While suspended, a Council Member is not entitled to be paid any fee or allowance to which they would otherwise be entitled. A Council Member is liable to repay annual allowances and fees paid in advance, as if the member had, for the period of their suspension, ceased to hold the office.

Options for reform of suspension

The current system shares some common elements with the Zone's proposal, however, some changes could be made to bring them into closer alignment. Under the current framework, the Director General and Minister would need to be satisfied that any reputational damage resulting from charges was impeding the workings of the Local Government before they could move to suspend a Council Member.

Charges resulting in reputational damage could be included in the legislation as an explicit ground for which the Director General can recommend suspension to the Minister. However, reputational damage may be somewhat narrow or subjective.

A 'best interests' test, consistent with that provided in the dismissal mechanism (discussed above), could allow the consideration of a broad range of factors, including reputational damage. A mechanism could be introduced allowing the Minister to suspend a Council Member who is charged with an offence that, despite not being a disqualification offence, satisfies the Minister that it is in the best interests of the Local Government to suspend the member. Consistent with the other grounds for suspension, this could be on the advice of the Director General, as the State Solicitor's Office will be primarily concerned with avoiding prejudice to any matter currently before the courts.

Local Government Reform Amendments

The *Local Government (Amendment) Act 2024* will transfer the powers of the Director General under these provisions to the soon-to-be-established Local Government Inspector. The Inspector/Inspectorate model has been introduced to provide improved oversight and early interventions capability into the Local Government sector.

The Inspector will be able initiate inquiries into the affairs of a local government and recommend suspension and dismissal of Council Members. It is expected that this newly created office may have greater independence, timeliness, focus and flexibility in addressing conduct issues.

The Governance Policy Team considered and endorsed the proposed advocacy position at its meeting on 19 May.

WALGA RECOMMENDATION

1. That WALGA amend and rename advocacy position 2.5.5 *Disqualification Due to Conviction* to read as follows:

Suspension and Disqualification for Offences

The WA Local Government sector advocates that:

1. A new disqualification criterion should be added to the Local Government Act 1995 that disqualifies a person from serving as an Elected Member if they have been convicted of an offence against the Planning and Development Act, or the Building Act in the preceding five years.
2. A new suspension criterion should be added to the Local Government Act 1995 allowing the Minister of Local Government to suspend a Council Member charged with an offence, where the Minister is satisfied this would be in the best interests of the Local Government, based on advice of the Director General.

2. That WALGA incorporate advocacy on this issue into its ongoing legislative reform engagement.

RESOLUTION

Moved: Cr Elizabeth (Liz) Sudlow
Seconded: Cr Guy Sims

That the Northern Country Zone support the WALGA recommendation for State Council Agenda item 8.1 as contained in the State Council Agenda and as provided above.

LOST

8.2 STATE DEVELOPMENT APPLICATIONS AND DECISION MAKING ADVOCACY POSITION (STATE COUNCIL AGENDA ITEM 8.2)

By Coralie Claudio, Senior Policy Advisor Planning

EXECUTIVE SUMMARY

- It is proposed that Advocacy Position 6.4 Development Assessment Panels be replaced with a new, expanded position that includes all forms of State Government development assessment and decision making.
- The updated position incorporates principles for state decision making, a refined list of recommended reforms to the Development Assessment Panels (DAPs) system and recommends that the significant development pathway be abolished but includes a list of recommended reforms if the pathway is retained.
- The draft position was informed by WALGA's review of the operation of the DAPs and the state significant development pathways, input from Local Government officers, and previous WALGA submissions.
- The draft position and accompanying review reports were provided to Local Governments for Council endorsed or CEO approved preferred feedback by 23 May.
- The Environment Policy team endorsed the position at their meeting on 29 May.

ATTACHMENT

- [Rationale for draft advocacy position](#)

POLICY IMPLICATIONS

It is proposed State Council replace the **current** Advocacy Position **6.4 Development Assessment Panels**:

The Association does not support Development Assessment Panels (DAPs), in their current structure.

Necessary changes to the structure of the DAPs system include:

1. *The abolishment of the current 'mandatory' mechanism where a proposal has a value of \$10 million or greater, and its replacement with an 'opt in' mechanism for all proposals.*
2. *Raising the DAP threshold from the current \$2 million to \$5 million,*

3. *The composition of DAPs should be modified to provide equal representation of Specialist Members and Local Government Members.*
4. *The creation of a distinct Special Matters DAP (SMDAP) is not supported, given there are already multiple avenues for determination on the basis of zoning and monetary value of applications. Should the State Government progress with the implementation of a SMDAP, the following changes are proposed to the model released in March 2022:*
 - *allow proponents with proposals that meet the threshold or criteria being able to opt-out of the SMDAP pathway and allow assessment and determination by Local Government*
 - *mandate consultation with the relevant Local Governments prior to the issuing of a Ministerial Order in relation to SMDAP Precinct Criteria, and ensure SMDAP Precincts be identified through regulations, rather than by the Minister,*
 - *include greater professional planning expertise, and knowledge of local context through the Local Government members of the District DAP, by including majority professional town planner panel members, with two Local Government*
 - *representatives*
 - *expand the role of Local Governments in SMDAP processes and appropriate remuneration for involvement of Local Governments be included to support the SMDAP decision-making process.*
5. *In principle, the further reduction in the number of panels from five to three is supported, to the extent that this reduces the administrative burden on local governments and enhances consistency of decision making.*
6. *In principle, the permanent appointment of panel members where this results in consistent decision-making is supported as this reduces the potential for conflicts of interest and ensures sound knowledge of DAP processes and procedures.*
7. *WALGA supports greater transparency around DAP processes and decisions, as community distrust of DAP decision-making is a key area of concern for many local governments.*

with a **new** advocacy position **6.4 State Development Applications and Decision Making Advocacy Position:**

WALGA calls on the State Government to:

1. *Ensure that decision making on development applications (DAs) is:*
 - a. *consistent and accountable*
 - b. *accessible to local communities*
 - c. *respectful of, and appropriately applies, local planning frameworks in line with their statutory weight.*
2. *Reform the Development Assessment Panel (DAP) system to:*
 - a. *raise the DAP threshold from the current \$2 million to \$5 million and mandate periodic reviews of the threshold*
 - b. *modify the composition of DAPs to provide equal representation of Specialist Members and Local Government Members*
 - c. *review DAP processes to ensure proponents provide necessary information in a timely manner*
 - d. *provide clear procedural guidance on the roles and functions of Local Government officers and Council*
 - e. *allow access to the State Referral Coordination Unit for DAP applications to ensure timely and adequate referral responses from State Government agencies are provided to Local Governments.*
3. *Abolish the state significant development assessment pathway (Part 11B of the Planning and Development Act 2005).*

4. *If the significant development assessment pathway is retained, implement the following reforms:*
 - a. *raise the cost threshold to \$50 million and mandate periodic reviews of the threshold*
 - b. *align statutory timeframes with DAP and Local Government determined DAs*
 - c. *ensure all developments are consistent with applicable local planning instruments and provide comprehensive guidelines for discretionary decision making, including applying extraordinary discretion*
 - d. *delete references to 'mandatory significant development' to ensure the pathway remains entirely opt-in*
 - e. *undertake periodic reviews of its operation and effectiveness.*

BACKGROUND

There are a range of development application (DAs) decision makers in the Western Australian Planning system. While Local Governments process and determine the vast majority of DAs, other State Government boards or agencies are also decision makers, particularly for complex proposals and public works. This includes DAPs, the Western Australian Planning Commission (WAPC) and other State Government agencies (i.e. DevelopmentWA) that determine DAs such as DAPs, significant development applications (Part 17 and Part 11B of the *Planning Development Act 2005*) and developments under region schemes, redevelopment schemes and improvement schemes and public works.

WALGA has historically opposed DAPs and the significant development pathway as they erode the role of Local Government in providing a valuable community perspective on planning proposals.

WALGA has undertaken two reviews of the performance of the DAP system in [2016](#) and [2020](#). Those reviews informed WALGA's current advocacy position, endorsed in May 2022, that recommends changes to the DAP system to ensure it operates in an efficient, effective, and transparent way, and appropriately considers matters of local planning context in decision-making.

The current position is being reviewed as part of WALGA's regular position review process and in recognition of significant planning reforms in 2024, specifically the replacement of the proposed special matters DAP with the permanent significant development pathway (Part 11B).

To inform the review of the DAP position and its ongoing advocacy, WALGA collated and reviewed data on the operation of the DAPs and the significant development pathway.

The [DAP Report](#) examines DAP data from its inception in 2011 to the end of the 2023-24 financial year, with a focus on observable trends since the previous report in 2020. The report indicates minor improvements in the DAP system, particularly in reliability and consistent decision making. Despite this, the DAP system continues to determine many low-value applications that lack strategic importance and should be redirected to the Local Government pathway.

The [Significant Development Pathway Report](#) examines data from the pathway's commencement in 2020 until 1 April 2025. The report finds that this pathway is used infrequently and does not process applications efficiently, contrary to its intended purpose and that the pathway's other goals, driving economic recovery (Part 17) and aiding housing supply (Part 11B), have also not been met.

The collated data will be uploaded to the [DAP Dashboard](#) on WALGA's website.

WALGA has drafted a revised advocacy position that will sit within the context of the Planning Principles and Reform advocacy position and will expand on the DAP position to:

1. Be applicable to all State Government DAs and approvals (e.g. significant development pathway, DAPs, Public Works, region scheme approvals, Development WA).
2. Establish principles to guide transparent and accountable decision-making on development applications, ensuring that local planning frameworks are appropriately considered, and communities, particularly in regional areas, are granted equitable access to the decision-making process.
3. Include a refined list of reforms to the DAP system, while retaining the position to increase the DAP threshold and for equal representation of Specialist Members and Local Government Members.
4. Include a recommendation that the significant development pathway be abolished based on the findings of the significant development pathway report, and includes a list of reforms if the pathway is to be retained to ensure it operates more efficiently and only processes genuine state significant projects.

The draft position and accompanying review reports were provided to Local Governments for Council endorsed or CEO preferred feedback by 23 May.

COMMENT

The current DAP advocacy position is outdated and does not reflect the current planning framework, specifically the introduction of the permanent significant development pathway (Part 11B of the *Planning and Development Act 2005*).

The proposed new advocacy position will complement WALGA's planning advocacy position, 6.1 Planning Principles and Reform, that notes decisions should be made by the level of government closest to and most impacted by a planning proposal and should appropriately reflect local environment, context, communities and character.

The proposed advocacy position has been informed by feedback from CEO approved and Council endorsed submissions, Local Government officer input and WALGA's previous submissions, specifically on DAP reforms and amendments to the *Planning and Development Act 2005* that introduced the significant development pathway.

Some minor amendments were made to the draft position in response to members' feedback, particularly regarding the recommendations for the state significant development pathway.

Local Government feedback was that the pathway was not functioning effectively in its current form. While some Local Governments advocated for its abolition, others considered that there may be benefits if the pathway was limited to genuine state-significant projects only and operated more efficiently. The draft position calls for the reforms to the pathway and for it to be subject to periodic review if retained.

Further information on the rationale for the position and feedback provided is attached.

The Environment Policy agreed to recommend that State Council endorse the new expanded position at their meeting on 29 May.

WALGA RECOMMENDATION

That WALGA:

1. Replace Advocacy Position 6.4 Development Assessment Panels with the following:

6.4 State Development Applications and Decision Making

WALGA calls on the State Government to:

1. *Ensure that decision making on development applications (DAs) is:*
 - a. *consistent and accountable*
 - b. *accessible to local communities*
 - c. *respectful of, and appropriately applies, local planning frameworks in line with their statutory weight.*
 2. *Reform the Development Assessment Panel (DAP) system to:*
 - a. *raise the DAP threshold from the current \$2 million to \$5 million and mandate periodic reviews of the threshold*
 - b. *modify the composition of DAPs to provide equal representation of Specialist Members and Local Government Members*
 - c. *review DAP processes to ensure proponents provide necessary information in a timely manner*
 - d. *provide clear procedural guidance on the roles and functions of Local Government officers and Council*
 - e. *allow access to the State Referral Coordination Unit for DAP applications to ensure timely and adequate referral responses from State Government agencies are provided to Local Governments.*
 3. *Abolish the state significant development assessment pathway (Part 11B of the Planning and Development Act 2005).*

By Rebecca Hicks, Policy Officer Community

EXECUTIVE SUMMARY

- WALGA is a signatory to the *State and Local Government Agreement for the Provision of Public Library Services in Western Australia* (the Agreement).
- The five-year Agreement defines roles and responsibilities in the delivery of public libraries and provides the structure and framework for the delivery of the WA Public Libraries Strategy and future vision for public library services.
- The current Agreement, endorsed by State Council in July 2020, is due for renewal in September 2025.
- WALGA has participated in the review of the Agreement, which has recommended minor amendments.
- Following the signing of a new Agreement, a sector consultation process will be undertaken for the associated Local Level Agreements between the State Library and Local Governments.
- The Agreement does not include funding arrangements for public libraries. WALGA continues to advocate for increased public library funding.

ATTACHMENT

- [State and Local Level Agreement for the Provision of Public Library Services in Western Australia 2025 – 2030](#)

STRATEGIC PLAN IMPLICATIONS

Endorsing the Agreement aligns with WALGA's 2025-2029 Strategic Plan, particularly:

- Influence – Lead advocacy on issues important to Local Government and empower the Local Government sector to build communities equipped for the future.
- Support – Grow opportunities for Local Governments' sharing of services and resources.
- Expertise – Optimise organisational capability to service members' needs and foster relationships between our subject matter experts and stakeholders.

POLICY IMPLICATIONS

Endorsement of the new Agreement aligns with WALGA's current [Advocacy Position 3.8 Public Libraries](#), which states:

1. *Western Australian Local Government public libraries provide valuable local cultural infrastructure, creating social and community hubs for community capacity building, recreation, education and literacy, digital inclusion, and social connection, cohesion and inclusion.*

2. *WALGA supports the provision of Public Library services in Western Australia through a formal partnership between Local Government and the State Government of Western Australia, governed by the Library Board Act 1951, namely the State and Local Government Agreement for the Provision of Public Library Services in Western Australia (2020).*
3. *The WA Public Libraries Strategy 2022-2026 provides a framework for a shared vision, strategic direction and collaborative action in the provision of a vibrant and sustainable 21st century public library network.*
4. *It is essential that a sustainable funding model enables Local Governments to continue to deliver library services to support continued growth and adaptation to changing community needs.*

BACKGROUND

WALGA is a signatory to the *State and Local Government Agreement for the Provision of Public Library Services in Western Australia* (the Agreement), which is due for renewal in September 2025. The Agreement defines the roles and responsibilities for each tier of government in the delivery of public libraries and provides the structure and framework for the delivery of the [WA Public Libraries Strategy 2022-2026](#) and the future vision for public library services.

Following internal endorsement from signatories, the current Agreement received final endorsement in September 2020 by the Public Library Working Group (PLWG), which includes: WALGA, the State Library of Western Australia (SLWA), the Department of Local Government, Sport and Cultural Industries (DLGSC), Public Libraries WA Inc. and Local Government Professionals Australia WA. The same process will be undertaken for this renewal.

Connected to the Agreement are Local Level Agreements between the SLWA and individual Local Governments that provide public library services. Local Level Agreements set out more detailed public library service delivery requirements and will be reviewed in early 2026, including sector consultation.

COMMENT

WALGA has worked with SLWA to review the Agreement to meet the September 2025 renewal date. Amendments are minor and do not raise any issues for WALGA Members.

The scope of the Agreement does not extend to public library funding. SLWA is currently reviewing the Public Library Material Funding Allocation Model. WALGA and Local Governments will be consulted as part of the review.

State Government funding has failed to keep pace with the needs of public libraries, population growth or inflation. WALGA continues to [advocate](#) for increased overall funding for public libraries to maintain and enhance service levels that meet the diverse needs of communities across WA and support the implementation of the WA Public Library Strategy.

Following the renewal of the Agreement, WALGA will work with SLWA to develop a sector-wide consultation plan for the review of Local Level Agreements.

WALGA RECOMMENDATION

That State Council endorse the *State and Local Level Agreement for the Provision of Public Library Services in Western Australia*.

10.3 PROPOSAL – NORTHERN COUNTRY ZONE EXECUTIVE SERVICES

Mr Tony Brown and Mr Rick Murray left the meeting at 10:40am while this item was discussed and determined.

Proposal - Executive Services Northern Country Zone

About WALGA

WALGA is an independent, member-based, not-for-profit organisation representing and supporting the WA Local Government sector. As the peak industry body, WALGA advocates on behalf of WA's 139 Local Governments and negotiates service agreements for the sector. As a key part of its governance processes and core business, WALGA provides executive support services to State Council, committees of State Council, and Zones.

WALGA offers executive support services to all Zones at no cost. Under this arrangement, members of the Zone are responsible for costs associated with meeting venues, catering and sundry expenses.

WALGA currently provides this service to 12 of the 17 WALGA Zones (five Metropolitan, seven Country):

Central Country	Central Metropolitan
Gascoyne Country	East Metropolitan
Great Eastern Country	South Metropolitan
Great Southern Country	South East Metropolitan
Peel Country	North Metropolitan
Pilbara Country	

Proposal to Northern Country Zone

WALGA proposes to provide the Northern Country Zone with executive support services at no cost to the Zone or its Members, including:

- a dedicated Zone Executive Officer as the principal point of contact for all Zone business;
- liaison with the Zone President as required;
- preparation of Agendas and Minutes of all meetings;
- organisation of meeting logistics, including venue booking, room set-up and catering;
- preparation of correspondence and action items;

10.4 INVITATIONS TO MEMBERS OF PARLIAMENT TO ATTEND ZONE MEETINGS

By Kathy Robertson, Manager Association and Corporate Governance

BACKGROUND

The recent State election has brought with it two significant changes which may impact how Zones invite members of Parliament to attend Zone meetings:

1. The electoral regions for the Legislative Council were abolished under the *Constitutional and Electoral Legislation Amendment (Electoral Equality) Act 2021* and replaced with a single "whole of state" electorate. As a result, the members of the Legislative Council are drawn from across the whole of the State and no longer represent a particular region or area.
2. Premier Roger Cook has appointed nine cabinet members with region-specific portfolios. These Regional Ministers cover the areas of the Kimberley, Pilbara,

South West, Mid West, Goldfields-Esperance, Gascoyne, Peel, Great Southern and Wheatbelt.

A full list of MLCs can be found here: [Legislative Council of Western Australia, Forty Second Parliament, List Of Members](#)

A full list of WA Ministers, including Regional Ministers can be found here: [Western Australian Government Cabinet Ministers](#)

COMMENT

Zones can choose to invite members of Parliament (State or Federal) to meetings at their discretion. Some Zones have standing invitations for all MPs relevant to that region (including MLAs, MLCs and Federal members) whilst others choose to invite MPs on a meeting-by-meeting basis to speak on a particular topic or issue.

Those Zones that have a standing invite for MPs generally allow time on the Agenda for each politician in attendance to address the meeting (as a standing item).

The Northern Country Zone currently has a standing invitation to all MPs in the region to meetings on a regular basis.

The Northern Country Zone AGREED to invite all politicians to Zone meetings.

It will be Metro-based, but available to the regions.

11.2 REGIONAL ISSUES

Nil.

11.3 OTHER GENERAL BUSINESS

11.3.1 WALGA Local Government Convention

Chair, Cr Karen Chappel highlighted to members that the 2025 Local Government Association Convention is in September.

A question was raised about the timing of the Local Government Convention, which was held before the Local Government Elections. The explanation was that WALGA was required to hold its Annual General Meeting within a specified period following the end of the financial year. The suggestion was made that the Conference could be held separately, around March/ April. The meeting was advised that it was possible to split, but would require consideration.

11.3.2 State Government Budget announcements

Chair, Cr Karen Chappel noted the Budget announcements from the State Budget held on 19 June 2025.

The following are some of the key items included in the budget:

- \$250 million for the Regional Road Safety Program

- \$3.5 million over 2025-26 to 2028-29 to expand the existing Community Emergency Services Manager (CESM) Program by six Local Government employed CESMs
- A further \$5 million over 2025-26 to 2028-29 to support the establishment of the Office of the Local Government Inspector
- \$8.5 million over 2025-26 and 2026-27 to install signalised pedestrian crossings at high-risk locations across the State
- An additional \$18.5 million over the forward estimates to increase the Patient Assisted Travel Scheme fuel subsidy rate from \$0.26 per kilometre to \$0.40 per kilometre, and
- An additional \$62.6 million over 2024-25 to 2027-28 on biosecurity incident, and emergency management response activities

The Association was disappointed that the following were not funded sufficiently:

- A long-term commitment to increase the Community Sport and Recreation Facilities Fund (CSRFF). it is now down to \$12M.
- No new investment in climate adaptation and mitigation with funding to CoastWA ending in 2025-26
- No dedicated funding for arts and cultural infrastructure

11.3.3 Renewable Energy Projects – Community Benefits guidelines

Cr Elizabeth (Liz) Sudlow raised the issue of renewable energy, advising that:

- Shire of Northampton will make their own submission.
- Submission closing date is 4 August 2025.
- Is there an opportunity for other LGs to work together on a submission? Relates to the systems that will feed into the SWISS and needs an upgrade from Three Springs to Geraldton. The Hydrogen project, Northampton, was noted; this doesn't fit within the guidelines.

Cr Chappel suggested that Jye Thomas be invited to the Northern Country Zone meeting in August. Noted that Cr Sudlow has a meeting with Powering WA on 24 July.

The Northern Country Zone AGREED to extend an invite to Jye Thomas, Powering WA, to the next Zone meeting in Perenjori.

- The State Government is asking for feedback on the draft guidelines and Local Governments are encouraged to provide submissions.
- Mayor Jerry Clune raised the issue of potential inequity of properties with comparable valuations, but one is a wind farm with the additional income, while also noting that there was scope to expand the policy to include Mining and Oil and Gas. Tony Brown, WALGA, advised that WALGA is working with consultants on rating of renewable projects and the evaluation issues on neighbouring properties will be considered.

12 NEXT MEETING

The next meeting of the Northern Country Zone will be held on Monday, 25 August at the Shire of Perenjori commencing at 10:00am.

13 CLOSURE

There being no further business the Chair declared the meeting closed at 11:17am.
