The Construction Training Fund collects a levy on all WA construction projects over the value of \$20,000 at 0.2% of the project value. These funds are then used to support the construction industry to train new apprentices and trainees and to cover the cost of additional skills training for building and construction workers in residential, civil, commercial or resource sector projects. The Funds other purpose is to promote construction as a career of choice and provide entry level pathways to the community such as Try-a-Trade, scholarships and para-professional certificates.

The Fund is keen to ensure that training our local communities is reinforced as a culture in the industry and that supporting diversity and inclusion is fundamental to a future workforce. Their vision is that the construction industry is a career of choice and is safe, skilled and sustainable.

8.1 SUBMISSIONS TO THE 2025 SALARIES AND ALLOWANCES TRIBUNAL REMUNERATION INQUIRY FOR LOCAL GOVERNMENT CHIEF EXECUTIVE OFFICERS AND ELECTED MEMBERS

By Kathy Robertson, Manager Association and Corporate Governance

BACKGROUND

The Salaries and Allowances Tribunal (SAT) conduct an annual inquiry into Local Government Chief Executive Officer and Elected Member remuneration.

SAT generally advertises its intention to receive submissions in December for its inquiry and Determination in relation to the following financial year. The Tribunal will invite individual Local Governments, the Department of Local Government, Sport and Cultural Industries, WALGA, Local Government Professionals WA and other interested individuals to provide information or submissions.

SAT will likely publish its Determination for 2025-2026 in April 2025.

COMMENT

In preparation for the inquiry to be undertaken early next year, a draft submission from WALGA has been prepared making recommendations to SAT on behalf of the sector in relation to Elected Member fees and allowances, Chief Executive Officer remuneration, the Regional/Isolation Allowance and Independent Audit Member fees. The draft WALGA submission is contained in the December State Council Agenda for Zone and State Council consideration.

Local Governments can also put forward a submission, particularly in relation to their own circumstances, including requests to be classified in a different Band.

WALGA encourages all Local Governments to make a submission to SAT.

8.2 COOPERATION AND SHARED SERVICES

By Tony Brown, WALGA

BACKGROUND

Please find attached (Attachment 4) the latest version of the Cooperation and Shared Services document. This document was created to capture the collaborative work between Local Governments, showcasing ways to maximise resources to deliver outcomes that would be difficult to achieve alone. Local Governments have contributed to this resource and will be consulted again next year for further updates/modifications.

All CEO's have received this document and were encouraged to share with Councillors and staff to fully display all collaborative work happening within Local Government.

WALGA will be promoting this to Government agencies to display the collaborative work that happens in our sector.

If you have any questions or queries, please contact Tony Brown – tbrown@walga.asn.au or Naoimh Donaghy – ndonaghy@walga.asn.au.

Delegates noted that some content requires updating. The Zone CEOs will provide information direct to WALGA.

8.3 REQUEST TO PRESENT

By Chantelle O'Brien, Zone Executive Officer

The secretariat has been contacted by the Department of Planning, Lands and Cultural Heritage seeking interest from Country Zones to have a representative attend a future Zone meeting and provide further information on the Department of Planning, Lands & Heritage's 'Aboriginal Heritage Survey Program' (AHSP).

As Local Government authorities are eligible applicants under the AHSP, the Department believes that a discussion about the program would be an opportunity for Country Zone members to determine whether the AHSP would be right for their LGA.

A brief outline of the AHSP follows:

The State Government has committed to a 10-year fully funded Aboriginal heritage survey program across the State, to be managed by the Department. Its purpose is to:

1. Survey areas to:
 - Record Aboriginal heritage for inclusion on the Aboriginal Cultural Heritage Inquiry System (ACHIS) and the Register of Places and Objects.
 - Ensure Aboriginal heritage information can be accessed easily and relied on as part of statutory approvals under the Aboriginal Heritage Act 1972 (Act) to use land where Aboriginal sites are located.
2. Accurately remap boundaries of Aboriginal sites and known Aboriginal heritage places where required.
3. Confirm locations where Aboriginal heritage has not been identified, meaning activities can be undertaken without the need for approval under the Act.

Further information relating to the AHSP can be found here: [Aboriginal-heritage-survey-program](#)

RESOLVED

The Pilbara Country Zone supported a representative from the Department of Planning, Lands and Cultural Heritage to attend a future Zone meeting in 2025 to discuss the Aboriginal Heritage Survey Program.

8.4 DEPUTATIONS PLANNING FOR 2025

By Chantelle O'Brien, Zone Executive Officer

BACKGROUND

As we approach the new year, it's an excellent time to reflect on the opportunities ahead. One of the most impactful ways for Zones to focus their efforts and have meaningful discussions is by inviting knowledgeable speakers to future Zone meetings.

There is a standing item on all Zone Agendas for Deputations. Zones are asked to endorse all proposals for Deputations, allowing Delegates full control as to what kinds of guest presenters and topics they would like to have on each Zone Agenda.

For the Pilbara Country Zone, there is potentially one scheduled Deputation for 2025.

- Aboriginal Heritage Survey Program (if supported at item 8.3 above)

COMMENT

To assist the Zone Executive Officer in organising Deputations for 2025 that are most relevant to the interests of the Zone, Delegates are invited to consider any potential guest presenters or topics for next year's meetings.

Below are some ideas to consider when thinking about potential Deputations:

- Current trends: consider inviting speakers who can discuss the latest trends and developments in the sector.
- Consider inviting a Minister: Ministers often have deep expertise in their respective fields, whether it's education, health, infrastructure, or another area. Their insights can provide valuable information and updates on policies, programs, and initiatives that directly impact the community. This creates an excellent networking opportunity for Delegates to connect with key decision-makers and build valuable relationships.
- University professors: experts in public administration, political science, or urban studies can provide evidence-based insights and research findings.
- Nonprofit Executives: leaders from influential nonprofits can discuss community needs, partnerships and collaborative projects.
- Urban planning and development: experts in urban planning can discuss sustainable development, zoning laws and infrastructure projects.

The Zone may wish to discuss their suggestions for potential speakers or topics for 2025.

The Pilbara Country Zone supported presentations from the following:

- Main Roads WA
- DevelopmentWA
- WALGA - *Local Government Act 1995* amendments update
- Pilbara Regiment
- Housing (to identify community or private housing)

The Zone requested:

- Local Governments to identify specific items and questions to be addressed as part of the presentation and submit to the presenters as part of the invitation

- Any presenter that can address the above (this may be a Minister, senior staff member or other staff)

8.6 NATIVE VEGETATION CLEARING ISSUES PAPER

By Sarah Coles, Environment Policy Officer

BACKGROUND

WALGA has developed an Issues Paper on Native Vegetation Clearing Regulations based on input from Local Government and analysis of Department of Water and Environmental Regulation (DWER), and Appeals Convenor, data. Drawing on this data and Local Government case studies, the Paper outlines challenges Local Governments have encountered in navigating the regulatory system and identifies opportunities for improvement.

WALGA's data analysis identifies that 60% of Local Government clearing permits applications relate to road construction or upgrade. Key challenges relate to the complexity

of navigating the regulatory environment, costs associated with the process and the time taken (for assessment of permits and appeals). These challenges can delay road and infrastructure projects and impact on Local Government's ability to attract and retain grant funding.

Based on discussions with the sector, and recommendations of previous submissions, WALGA has identified a range of potential opportunities to improve the native vegetation process. These focus on DWER process improvements, Local Government capacity building and taking strategic approaches to data collection, clearing permits and offsets:

1. The implementation of a State Government coordinated and funded biodiversity survey program.
2. Funding for a trial using Artificial Intelligence (AI) for biodiversity mapping.
3. DWER to develop a Strategic Offsets framework for Local Government.
4. The introduction of statutory timeframes for determination of referrals, permits and appeals and timely compliance and enforcement.
5. Increased support and capacity building for Local Governments to navigate the native vegetation clearing requirements.
6. Extended default periods for purpose permits and removal of the time limit requirement for maintenance in existing transport corridors.

The Issues Paper has been updated following consideration by the Environment and Infrastructure Policy Teams and is attached for Zones' consideration and feedback. In particular, Zones are requested to provide feedback on the following:

- a. Does the Issues Paper capture the challenges experienced by Local Government in relation to native vegetation clearing regulations?
- b. The opportunities identified for improving the native vegetation clearing process for Local Government.
- c. Any additional opportunities.

Discussion at the Zone meeting is encouraged. Any written feedback should be provided by Friday, 13 December, to environment@walga.asn.au.

The Zone can provide feedback at the meeting as well as Local Governments can email WALGA direct by 13 December.

Following all Zones feedback an item will be prepared for the Zones and State Council in February/March 2025.

 - increasing community access and incentives to use the Scheme; and
 - leveraging the refund point network to collect other materials covered by effective product stewardship schemes.
