

# WALGA Field Training: Plant Recognition and Restoration Practices in Natural Areas

**Date:** Thursday, 8 October 2020  
**Time:** 9:00am – 3:00pm (Registration from 8:30am)  
**Meeting point:** Millington Reserve Club Rooms (entry from Kevan Langdon Reserve)  
Corner Elliot and Jeans Road, Karrinyup

## WORKSHOP OVERVIEW

WALGA's field training day in Trigg Bushland Reserve will cover vegetation communities ranging from coastal heathlands to open woodlands of jarrah, banksias and tuarts. Participants will learn to identify common native and weed species, recognise the key diagnostic characteristics of each vegetation complex, gain experience in undertaking vegetation assessments, and view ecological restoration projects.
