

WALGA has withdrawn its Model Code of Conduct as the State Government is currently finalising new Council Member Code of Conduct Regulations that will replace the current Rules of Conduct Regulations (and the WALGA Model Code of Conduct).

The Department of Local Government, Sport and Cultural Industries advises it expects the draft regulations will be circulated for consultation with the sector before the end of 2020.

WALGA strongly suggests that any review of your current Code be deferred until the new Model Code of Conduct Regulations are gazetted.

Contact the [Department of Local Government, Sport and Cultural Industries](#) for more information on the progress of the draft Council Member Code of Conduct regulations.
